OceanMaster Co-Polymer Antifouling

Description

Premium quality self-polishing antifouling containing a special ablative polymer which reduces friction, eliminates sanding and accumulation of spent antifouling. An excellent all round performer and is recommended for use in areas where fouling is severest.

For use on

All types of crafts including high speed power boats and yachts where multi-season effective fouling protection is required. Recommended for use on primed GRP, steel, timber and ferrocement hull.

Suitable for use on aluminium crafts.

Direction for use

Product designed for application by spray, roller or brush.

Airless Spray	Line Pressure :	176 - 211 Kg sq.cm
	Tip Size :	21 – 26
Conventional Spray	:	N/A
Wet Film Thickness	:	140 microns
Dry Film Thickness	:	68 microns
Coverage	:	5 sq.m/L
Thinner	:	T100
Drying Time	:	2 – 3 hrs
Recoat	:	6 – 8 hrs
Launch	:	6 – 8 hrs
Finish	:	Semi-Gloss Blue, Black and White
