

# OceanMaster Evershield Epoxy Sheathing Resin

## Description

Two pack epoxy resin used in conjunction with OceanMaster Sheathing Fabric. The system provides a completely joint free impermeable moisture barrier, minimising water ingress in wooden hulls and decks. Suitable for laminating of fibreglass reinforcement materials.

## For use on

Timber hulls and decks. Protects underwater hull from marine organism entering from the outside.

## Direction for use

Product designed for application by roller or brush.

|              |   |   |
|--------------|---|---|
| Coverage     | : | 6 to 10 sq.m/L<br>(Depending on type of timber)   |
| Mixing Ratio | : | 2 to 1 by volume  |
